 PUDU ROBOTICS

**INTELLIGENT
DELIVERY ROBOT**

PuduBot

Labor Saving

Pudubot can increase delivery efficiency by 3 times and help you save 1-1.5 labor costs

Practical

Multiple delivery modes to handle different serving scenarios

Easy to Use

User friendly interface and minimal maintenance required

Founded in 2016 and headquartered in Shenzhen, Pudu Robotics is a national high-tech enterprise dedicated to the design, R&D, production and sales of commercial service robots. The company has set up R&D centers in Shenzhen, Beijing and Chengdu, and hundreds of after-sales service centers across China, with R&D staff accounting for more than 50%. Since establishment, Pudu Robotics has always adhered to the "Spirit of Invention" and practiced "User-Centered" corporate culture, aiming to boost productivity and well-being with the power of robots.

Powered by the core technologies of low-speed autonomous driving, robotics motor and motion control, Pudu Robotics has developed top-notch delivery robots, hospitality robots and disinfection robots that are widely used in restaurants, hospitals, schools, office buildings, government halls, subway stations, waiting rooms, etc. Pudu's products are sold in more than 50 countries. With superior offerings and global footprints, Pudu Robotics has become a world-leading enterprise of commercial service robots.
